Warranty ⁸	Toll-free technical phone support plus 1-year limited warranty with InstantExchange Program.

1 Page count is based on ITU-T No. 1 chart or CANON FAX Standard Chart No.1.

2 Specifications are subject to change without notice.

3 ISO/IEC 24734, 24735 define the default print and copy speed measurement methods. Print speeds are the averages of ESAT in Office Category Test for the default simplex mode, ISO/IEC 24734, excluding time to print the first set. Copy speed is the average of FCOT, ISO/IEC 24735 Annex D. ADF copy speed is the average of ESAT in General Performance Test for the default simplex mode, ISO/IEC 24735, excluding time to copy the first set. See www.canon.com/ipm for additional details.

4 The Public Switched Telephone Network currently supports fax modem speeds of 28.8 Kbps or lower, depending on telephone line conditions. Sending and receiving fax machines need to conform to ITU-T v.34 guidelines.

5 Black and white document fax transmission speed is based on default using ITU-T No. 1 chart. Actual transmission speed may vary depending on document complexity, fax settings at receiving end, and line conditions etc.

6 Requires purchase of Caller ID service from your telecommunications provider.

7 System requirements vary by application.

8 Warranty programs are subject to certain conditions and restrictions. See www.canontechsupport.com for details.
