Unmatched efficiency

With Ricoh FAX4430 Series, end-users can access a single, powerful fax system that can handle a complete array of essential document communication tasks with speed, ease and convenience.

• Ensure quick transmission for all fax documents—up to 30 pages per minute.
• Select your transmission priority with an optional second Super G3 line. If it operates independently, you can use both lines for transmission or dedicate one line for transmission and a second for reception.
• Scan important fax documents, then walk away with the original instead of having to keep the fax machine in the line.
• Maximize productivity and minimize interruptions in high-volume environments with a total paper capacity of 1,350 sheets (with all options).
• Reduce paper consumption with duplex fax reception and duplex copying for stand-alone and productivity. Like the RICOH Large workgroups perform hundreds—if not thousands—of advanced capabilities you can use to significantly reduce or even eliminate the typical costs of global document distribution.

• Send faxes at no cost with Internet faxing (SSL), which sends the same way as Scan-to-Email. In this case, the email address is a virtually equipped Internet fax.
• Large companies with multiple network locations deliver documents to any office—large or small. The cost method sends directly to the IP address of the receiving fax. Transmission is instantaneous.
• Companies that have implemented Voice over IP (VoIP) technology can double your transmission capacity with an optional second Super G3 line.
• Companies can take advantage of the LAN faxing feature. Deliver any document to the Ricoh FAX4430NF—up to 1.3 seconds per page for color—with the 30-line Automatic Document Feeder.

High-performance faxing

The Ricoh FAX4430 Series comes equipped with advanced capabilities you can use to significantly reduce or even eliminate the typical costs of global document distribution.

• Send faxes at no cost with Internet faxing (SSL), which sends the same way as Scan-to-Email. In this case, the email address is a virtually equipped Internet fax.

Convenient laser printing

Use the Ricoh FAX4430 Series to accomplish much more than faxing when you add the optional 15-page-per-minute (ppm) PCL Se/PCL 6 printer function.

• Achieve a wide variety of printing tasks, including oversized media output, auto paper tray selection, slip sheet insertion and watermark printing.
• Deliver superior results as examples and labels, with the optional 110-sheet Riptop Tray.

Productive intuitive

Unmatched efficiency

With the Ricoh FAX4430 Series, end-users can access a single, powerful fax system that can handle a complete array of essential document communication tasks with speed, ease and convenience.

- Achieve quick transmission for all fax documents—up to 30 pages-per-minute.
- Provide your transmission capacity with an optional second Super G3 line. It operates independently, so you can use both lines for transmission or dedicate one line for transmission and the second for reception.
- Send important fax documents, then walk away with the original instead of keeping the document in the tray.
- Maximize productivity and minimize interruptions in high-usage environments with a total paper capacity of 1,350 sheets (with all options).
- Reduce paper consumption with duplex fax reception and duplex printing for stampless color Scan-to-print.

High-performance faxing

The Ricoh FAX4430 Series comes equipped with advanced capabilities you can use to significantly reduce or even eliminate the typical costs of global document distribution.

- Send faxes at no cost with internet faxing (2.51), which sends the same way as Scan to E-mail. In this case, the e-mail address is a virtually-equipped Internet fax.
- Route faxes with multiple network locations can deliver documents directly to the recipient’s e-mail address—up to 3,000. This cost-effective method avoids the inefficiencies of leaving the document in the tray.
- Configure your productivity right from the desktop with LAN faxing. This capability allows you to send faxes to any other G3 fax system without connecting the system to analog phone lines.
- Scan important fax documents, then walk away with the original instead of leaving the document in the tray.
- Find exactly what you need on the easy-to-use control panel, including a familiar QWERTY keyboard and 22-character x 4.0 seconds-per-page for color—with the 70-sheet Automatic Document Feeder.

Convenient laser printing

Use the Ricoh FAX4430 Series to accomplish much more than just faxing when you add the optional 15-page-per-minute (ppm) PCL3e/PCL6 printer function.

- A wide variety of printing tasks, including paper-saving faxes, output auto tray paper selection, skip sheet insertion and watermarked printing.
- Ballee special applications as envelopes and labels, with the optional 100-sheet Bypass Tray.

Superior productivity

Both the Ricoh FAX4430L and the Ricoh FAX4430NF are engineered to help you operate as productively as possible. From the systems’ outstanding overall durability to their specific sets of features, these systems have the time-saving tools you need to streamline workflow.

- Conveniently send digital black & white copies with 15 ppm speed.
- Expect crisp, clean 600 x 600 dpi images for all digital copies, including fax documents and printed pages.
- Maximize productivity and minimize interruptions in high-usage environments with a total paper capacity of 1,350 sheets (with all options).
- Reduce paper consumption with duplex fax reception and duplex printing for stampless color Scan-to-print.

Advanced document communication tools for superior workflow. Large workgroups perform hundreds—if not thousands—of individual document management tasks every day. To maintain high productivity in these demanding, fast-paced environments, you need easy-to-use systems that deliver exceptional efficiency and productivity. Like the RICOH® FAX4430L, which provides quick fax transmission speed and convenience copying for stand-alone applications. Or the network-ready Ricoh FAX4430NF, which comes standard with a full range of advanced fax features, plus copying and scanning. Both systems also incorporate the Ricoh FAX4430 Series design for simple, intuitive operation.

Unmatched efficiency With the Ricoh FAX4430 Series, end-users can access a single, powerful fax system that can handle a complete array of essential document communication tasks with speed, ease and convenience.

- **High-performance faxing**
  - The Ricoh FAX4430J comes equipped with advanced capabilities you can use to significantly reduce or even eliminate the typical costs of global document distribution.
  - Send faxes at no cost with Internet faxing (T.37), which works the same way as Scan-to-Email. In this case, the e-mail address is a virtually equipped Internet fax.
  - Reduce paper consumption with duplex fax reception and duplex scanning.
  - Send any hardcopy document as a PDF or JPEG—whether full-color or black & white—with standard Scan-to-Email.
  - Maximize productivity and minimize interruptions in high-usage environments with a total paper capacity of 1,350 sheets (with all options).
  - Reduce paper consumption with duplex fax reception and duplex stamping for color Scan-to-print.

- **High-speed copying**
  - Efficiently copy documents, fax documents and make copies for direct fax transmission, right from your PC, with the 70-sheet Automatic Document Feeder.
  - Accommodate lengthy, multi-page documents (up to 47.2” long) with the 70-sheet Automatic Document Feeder.
  - Duplex and Combine Copy Modes
  - Power-Saving Sleep Mode
  - Easy network integration with Dynamic Host Configuration Protocol (DHCP).

- **Convenient laser printing**
  - Use the Ricoh FAX4430 Series to accomplish much more than faxing when you add the optional 15-page-per-minute (ppm) PCL Sl/PCL 6 printer function.
  - Includes a wide variety of printing tasks, including凭证专用（Labour output) auto paper tray selection, slip sheet insertion and watermark printing.
  - Optional special paper trays as enamels and labels, with the optional 150-sheet Bypass Tray.
  - Scan color originals at full resolution or with a halftone screen using the Color Scan/Halftone Key (standard on Ricoh FAX4430NF).
  - Scan to Email, SCAN-to-Fax, Scan to File, Scan to Internet, Scan to FTP, Scan to Network, Scan to Web, Scan to Network (stand-alone), Scan to Network (networked), Scan to File (networked), Scan to Email, Scan to FTP (networked), Scan to Network (networked), Scan to Web (networked) and Scan to File (networked).

- **FaxCopyScanPrint**
  - Your Environmental Partner
  - Ricoh continuously finds new ways to enhance its environmental profile. A Greener Tomorrow.
  - Ricoh FAX4430 Series incorporates a straightforward design for simple, intuitive operation.
  - Find exactly what you need on the easy-to-use control panel, including a familiar QWERTY keypad and 2-line backlit LCD for checking system status and settings.
  - Assign complex key sequences to one of 10 programmable User Function Keys for one-touch operation. This feature allows you to store frequently used commands for easy retrieval.
  - Support Internet faxing with support for transmission using 8-bit Quick Dial and 200 Speed Dials.
  - Scan cover sheets, document feeders and fax machines, as well as a LCD providing the PDF Color Scan/Halftone Key (standard on Ricoh FAX4430LN).
  -SCAN-to-Email, Fax Copy, Scan to File, Scan to Internet, Scan to FTP, Scan to Network, Scan to Web, Scan to Network (stand-alone), Scan to Network (networked), Scan to File (networked), Scan to Email, Scan to FTP (networked), Scan to Network (networked), Scan to Web (networked) and Scan to File (networked).

- **FaxCopyScanPrint**
  - Deliver any document to the Ricoh FAX4430J for transmission, right then your PC, with the LDAP faxing feature.

- **User-friendly design**
  - Streamline network integration with Dynamic Host Configuration Protocol (DHCP).
  - Control access to all transmission capabilities—including Scan-to-Email, faxing, IP faxing and LAN faxing—with Server Domain Authentication.
  - Streamline workflow.
  - Reduce the amount of leave your PC taking up.
  - Flexibility to deliver virtually any scanned document—including color photos, brochures, maps and plans.

- **Superior productivity**
  - Both the Ricoh FAX4430L and the Ricoh FAX4430NF are engineered to help you operate as productively as possible. From the systems’ outstanding overall durability to their specific set of features, these systems have the time-saving tools you need to streamline workflow.
  - Conveniently send digital black & white copies with 15 ppm speed. Expect crisp, clean 600 x 600 dpi image quality for all digital copies, including fax documents and printed pages.
  - Scan at scan time: high-speed scanning, multi-page documents—at 1.3 seconds/page for black & white or 0.8 seconds/page for color—with the 70-sheet Automatic Document Feeder.

- **Easy network integration**
  - When connected to the network, the Ricoh FAX4430J is easy to install and simple to manage. So your IT department can add it to the network with confidence.
  - Ensure error-free configuration with industry-standard Ethernet connectivity, while the WebImageMonitor feature supports remote administration.
  - Control access to general parameters or Scan-to-Email, Scan-to-FTP, etc., with Server Domain Authentication.
  - Streamline network integration with Dynamic Host Configuration Protocol (DHCP).
