**No-compromise productivity.**

## The choices you need to drive your organization forward.

Introducing the Savin C2525/C3030 Series Digital Imaging Systems. These systems allow you to choose crisp, high-quality black & white or full-color documents – with no drop-off in speed, productivity or quality. So you'll always get the documents that are just right for the project at hand: black & white or high-impact color. You'll also have all the tools you need to distribute your documents in the way that works best: by print, copy, scan or e-mail. The result is maximum performance and productivity – with no compromises.

The touch-panel display is a thoughtfully designed, full-color LCD that makes ease of use the top priority, including larger and brighter font sizes that are easier to see.

### Streamline your workflow.

Today's gotta-have-it-now deadlines leave no room for waiting around. That's why the Savin C2525/C3030 Series is built for speed and productivity.

- Eliminate waiting for that often-critical first print: Short warm-up and first-copy-out times ensure almost instant response between the moment you press "print" and when your work appears finished in the output tray.
- With speeds up to 30 pages per minute, you'll soon realize that having the option of printing

high quality black & white or color documents is just another part of your workday.

- Cut scanning times, too: With its remarkable high-speed scanning capabilities, the Savin C2525/C3030 Series can dramatically reduce the time you spend scanning documents, making file sharing easy and cost free.
- Boost the efficiency of your network communications: Optional PDF Direct Print reduces network traffic by letting you send PDF files right to the MFP, without using a print driver.

**50-Sheet Automatic Reversing Document Feeder (ARDF) – Standard**

Hardcopy pages are scanned as fast as 50 images-per-minute for black & white and 35 images-per-minute for color.

**Inner One-Bin Tray – Optional**

Provides a cost-effective option to separate output generated from two different system functions.

**Easy-to-Replace Toner Cartridges**

Savin's PxP™ toner is not only easy to replace but offers much better image definition, which yields superior image quality on every page.

**1,000-Sheet Booklet Finisher – Optional**

Provides three destinations for output, including the ability to produce paginated, saddle-stitched and folded booklets.

**Intuitive Control Panel**

Full-color LCD operation panel offers an enlargeable display with graphic icons and animated guidance screens for easy job programming.

**Automatic Stackless Duplexing – Standard**

Enables the production of two-sided booklets, brochures, agendas, and more.

**Two 500-Sheet Paper Trays and Bypass – Standard**

Dual front-loading paper trays and the 100-sheet Stack Bypass provide standard 3-way, 1,100-sheet paper capacity.

**Two-Tray Paper Bank – Optional**

Up to 5 different sizes/orientations of paper can be loaded in the machine at all times for maximum versatility.

Experience total document production and communication in a space-saving design.

Workgroups with light finishing needs can choose 50-sheet stapling with the optional 500-sheet Finisher. Also shown with the Two-Tray Paper Bank.

Staple documents up to 50 pages with the 1,000-sheet Finisher and maximize paper-feeding capacity with the 2,000-sheet Large Capacity Tray to support a total of 3,100 sheets.

## Digital technology made friendly.

Many MFP users are often faced with a myriad of choices when they step up to the system to do a job. The Savin C2525/C3030 Series is user-friendly and intuitive in every aspect.

- Loading and unloading paper trays is simple and fast with Savin's easy-grip handles. You can even load paper in the middle of a print job.
- A full range of connectivity choices, including standard Ethernet and USB, plus optional wired and wireless capabilities, makes you almost instantly productive right from the start.
- And a wide range of the most popular print drivers makes sure your documents are processed no matter what program they're created in.

## A new benchmark for quality in business color.

Speed and efficiency are nothing without high-quality output, and the Savin C2525/C3030 Series is designed to exceed your highest expectations.

- Engineered with the latest PxP™ Toner technology, these systems establish a higher quality benchmark for your business color needs.

## Synching up seamlessly with your document workflow.

No-compromise productivity also applies to how you share and distribute your documents. Whether you need to copy, print, scan or e-mail, in black & white or in color, stapled, hole-punched or collated, the Savin C2525/C3030 Series can finish your jobs exactly how you want. Now you can generate more high-quality work in-house, cut costs and increase your productivity.

- Scanning is so simple it could open more efficient avenues for document distribution than you may have ever thought possible. For example, you can share documents across the globe with Savin's Scan-to capabilities.
- Optional faxing functions save time and cut costs by giving you the power to fax directly from your PC, or letting you search your company directory so you can fax with your existing company e-mail addresses.

- A 3,100-sheet high-capacity paper supply maximizes the time between refills, further enhancing your productivity.
- Savin's powerful document server acts like an on-site virtual library where you can store documents and retrieve them almost instantly for re-printing, re-faxing, editing, and more.
- Print flexibility extends to a wide variety of paper weights: All the way up to 140 lb. Index in the bypass and up to 120 lb. Index in the trays, bolstering your in-house capabilities and reducing outsourcing.
- New reports and presentations can be created from existing work by placing images and text from any source into your documents without having to recreate them.
- DeskTopBinder allows users to access and clip together files from different applications to e-mail or print as one document.
- The Savin C2525/C3030 Series is so versatile, in fact, it lets you print directly from a digital camera: Simply connect a digital still camera to the printer and output your photos in seconds.

Full-color and black & white pages print at equal speeds for both single and two sided prints: 25 ppm for the Savin C2525, and 30 ppm for the Savin C3030.

The Savin C2525/C3030 Series offers a wide variety of document management capabilities – including printing, copying, scanning and faxing.

## Manage it. Secure it.

The advanced Savin C2525/C3030 Series also takes care of the everyday concerns of management and security.

- Standard device management utilities such as Web Image Monitor and SmartDeviceMonitor make managing your network as easy and streamlined as possible, right from your desktop. Users and administrators can view job queues and check supply levels. They also allow administrators to adjust network settings and modify user rights.
- Protect even your most sensitive and proprietary information at every point in the document distribution process with sophisticated security features, such as User Authentication and restricted color usage. You control access to system capabilities.

Succeed in color or black & white with the Savin C2525/C3030 Series. For more information see your Savin dealer.

## Your Environmental Partner

These systems meet ENERGY STAR® guidelines. Savin continues the long-standing commitment to developing office solutions with superior energy and supply-saving features, including:

- Quick Start-Up (QSU) Technology
- Power-saving Sleep Modes
- Duplex and Combine Copy Modes
- Internal Toner Recycling Mechanism
- Low Noise Levels
- Minimal Ozone Emissions

## SPECIFICATIONS

Printing Process	Dry Electrostatic Transfer with Dual Component Development 4-Drum Method
Output Speed (Copy/Print)	C2525: 25-ppm Black & White and Full-Color C3030: 30-ppm Black & White and Full-Color
Warm-up Time	Less than 45 seconds
First Copy Time	Full-Color: 9.7 seconds Black & White: 6.7 seconds
Copy/Print/Scan Resolution	600 x 600 dpi
Document Feeder (Standard)	Automatic Reversing Document Feeder (ARDF)
Original Capacity	50 sheets
Paper Size	5.5" x 8.5" to 11" x 17"
Paper Weight	Simplex: 11 lb. to 34 lb. Bond Duplex: 14 lb. to 28 lb. Bond Up to 11" x 17"
Exposure Glass	(sheets/books/3D Objects) Up to 999 copies
Multiple Copies	Up to 999 copies
Copy Size	11" x 17" maximum (full bleed on 12" x 18")
Input Capacity	Standard: 2 x 500 sheets + 100-sheet Bypass Tray Maximum: 3,100 sheets (with LCT)
Output Capacity	Standard: 500 sheets Face Down Maximum: 1,500 sheets (with 1,000-sheet Finisher)
Paper Sizes	
First Paper Tray	8.5" x 11"
Second Paper Tray/ Paper Bank	7.25" x 10.5" to 11" x 17"
Bypass Tray	Width: 3.5" to 12", Length: 5.8" x 18" (12" x 18" max.)
Large Capacity Tray Paper Weights	8.5" x 11"
Standard Trays/ Paper Bank/ Large Capacity Tray	16 - 57 lb. Bond/120 lb. Index
Bypass Tray	14 - 67 lb. Bond/140 lb. Index (Source for Labels, OHP)
Duplex Unit	17 - 45 lb. Bond/90 lb. Index
Paper Types	Plain paper, laser printer qualified transparencies, labels and envelopes
Auto Duplex	Standard
Zoom	25% - 400% in 1% increments
Preset Reduction and Enlargement Ratios	93%, 85%, 78%, 73%, 65%, 50%, 25%/400%, 200%, 155%, 129%, 121%
Dimensions (WxDxH):	25.6" x 25.9" x 29.1" (650 x 659 x 740mm) Standard Configuration
Weight	Less than 264.5 lb. (120kg) with ARDF
Power Requirements	120V, 12A, 60Hz
Power Consumption	1,440 Watts max.

## SECURITY SPECIFICATIONS

**DataOverwriteSecurity System (DOSS) Type D:** (Optional) – Security feature that overwrites latent data on the system's hard drive after copy, scan, fax and print jobs.

**Copy Data Security Unit Type A** (Optional) – Copies of prints made with this feature will be blacked out or embedded with a watermark to deter illegal copying.

**Other Security Features** – SNMP v3 Authentication and Data Encryption (password/address book encryption); PDF Direct Print Password Protection; Locked (Secure) Print; User Codes; User Authentication; WPA (Wi-Fi Protect Access Support)

## DOCUMENT SERVER (STANDARD)

Capacity	40GB (shared with other functions)
Max. Stored Documents	1,000 documents
Max. Pages per Document	2,000 pages
Max. Pages of all Stored Documents	2,000 pages

## PRINTER CONTROLLER (STANDARD)

CPU	RM7035C @ 600MHz, Embedded
Memory	1GB RAM & 40GB HDD Standard (Shared)
Page Description Languages	PCL 5c, PCL 6, RPCS (Standard) Genuine Adobe® Postscript®3™, Includes PDF Direct Print (Optional)
Max. Print Resolution	2400 dpi equivalent x 600 dpi
Standard Interfaces	10BaseT/100BaseTX Ethernet (RJ-45), USB 2.0
Optional Interfaces	IEEE 802.11b Wireless LAN Interface Type H, Bluetooth Wireless Board Type 3245, IEEE 1284 Parallel Interface Type A, IEEE 1394 Interface Type B, USB Host Interface for PictBridge Type A*
Network/OS	*Required with optional Camera Direct Print Card Windows 95/98SE/NT4.0/2000/Me/ XP/Server 2003, Novell NetWare 3.12,3.2,4.1,4.11,5.0,5.1,6.6,5, UNIX filters for Sun Solaris, HP-UX, SCO OpenServer, RedHat Linux, and IBM AIX, MAC OS 8.6 - 9.2x; OS X 10.1 and later SmartDeviceMonitor for Admin and Client, Web SmartDeviceMonitor, Web Image Monitor, DeskTopBinder Lite, and Printer Utility for MAC (w/ Adobe PostScript 3 option)
Utilities	

## SCANNER (STANDARD)

Scanner Resolution	Monochrome Mode: From 100 to 600 dpi (1200 dpi for TWAIN) Full-Color Mode: From 100 to 600 dpi Default Setting: 200 dpi
Scanning Speed	50-ipm Black & White 35-ipm Full-Color (200 dpi via ARDF)
Scan Area	Main Scan: 11.7" (297mm), Sub Scan: 17" (432mm)
Scan Size	Contact Glass: 11" x 17", 8.5" x 14", 8.5" x 11" ARDF: 5.5" x 8.5" to 11" x 17"
Scan Mode	Standard: BW Text, BW OCR, BW Text/Photo, BW Photo, BW Grayscale, FC Photo, FC Text Optional: ACS (with Optional File Format Converter)
Scan-to Modes supported	Scan-to-Email (with LDAP support) Scan-to-Folder (SMB/FTP/NCP) Scan-to-URL Network TWAIN scanning

## FACSIMILE (OPTIONAL)

Fax Option Type C3000	
Type	ITU-T (CCITT) G3, Additional G3 (optional)
Circuit	PSTN, PBX
Resolution	200 x 100 dpi, 200 x 200 dpi, 400 x 400 dpi (with optional SAF memory)
Modem Speed	33.6K - 2,400bps with Automatic Fallback
Compression Method	MH, MR, MMR, JBIG
Transmission Speed	G3: Approx. 2 seconds/page (w/JBIG compression) G3: Approx. 3 seconds/page (w/MMR compression)
Auto Dialing	2,000 Quick Dials, 100 Group Dials (500 locations each)
Memory Capacity	4MB (approx. 320 pages); Maximum 28MB (2,240 pages)
Additional Modes	Internet Fax by E-mail (T.37), IP Fax (T.38), LAN Fax, Fax Forward to E-mail/Folder, LDAP Support

## FACSIMILE (OPTIONAL) (cont.)

Options:	Additional G3 Lines (up to 3 lines) Fax SAF Memory (32MB SD-RAM) Telephone Handset

## HARDWARE ACCESSORIES

<b>Two-Tray Paper Bank*</b>	
Paper Capacity	1,000 sheets (500 sheets x 2 trays)
Paper Sizes	7.25" x 10.5" to 11" x 17"
Paper Weights	16 - 57 lb. Bond/120 lb. Index

<b>Large Capacity Tray (LCT)*</b>	
Paper Capacity	2,000 sheets (1,000 sheets x 2)
Paper Sizes	8.5" x 11"
Paper Weights	16 - 57 lb. Bond/120 lb. Index

**FAC30 Cabinet\***  
\*Please note either the Cabinet Stand or one of the paper options must be selected.

<b>1,000-sheet Booklet Finisher (SR3000)*</b>	
Paper Sizes	5.5" x 8.5" to 11" x 17", 12" x 18"
Paper Weights	Upper Proof Tray: 14 - 28 lb. Bond Lower Shift Tray: 14 - 68 lb. Bond/ 140 lb. Index

Stack Capacity	Upper Proof Tray: 100 sheets (8.5" x 11" or smaller), 50 sheets (8.5" x 14" or larger) Lower Shift Tray: 1,000 sheets (8.5" x 11" or smaller), 500 sheets (8.5" x 14" or larger)
----------------	---

Staple Capacity	50 sheets (8.5" x 11" or smaller) 30 sheets (8.5" x 14" or larger) Saddle Stitch: 10 sheets (up to 40-page booklets)
-----------------	---

2/3- Hole Punch Unit Option available for Booklet Finisher	
--	--

<b>500-sheet Finisher (SR3010)*</b>	
Paper Sizes	5.5" x 8.5" to 11" x 17"
Paper Weights	14 - 34 lb. Bond (52 - 128 g/m <sup>2</sup> )
Stack Capacity	500 sheets (8.5" x 11" or smaller) 250 sheets (8.5" x 14" to 11" x 17")
Staple Capacity	50 sheets (8.5" x 11" or smaller) 30 sheets (8.5" x 14" or larger)

<b>1,000-sheet Finisher (SR790)*</b>	
Paper Sizes	5.5" x 8.5" to 12" x 18"
Paper Weights	Shift Tray: 17 - 43 lb. Bond/ 90 lb. Index Proof Tray: 14 - 68 lb. Bond/ 140 lb. Index

Stack Capacity	Proof Tray: 250 sheets (8.5" x 11" or smaller), 50 sheets (8.5" x 14" or larger) Shift Tray: 1,000 sheets (8.5" x 11" or smaller), 500 sheets (8.5" x 14" or larger)
----------------	---

Staple Capacity	50 sheets (8.5" x 11" or smaller) 30 sheets (8.5" x 14" or larger)
-----------------	---

\*Requires Bridge Unit

<b>Internal Shift Sort Tray*</b>	
Paper Sizes	5.5" x 8.5" to 12" x 17"
Paper Capacity	250 sheets (8.5" x 11" or smaller) 125 sheets (8.5" x 14" or larger)
Paper Weights	14 - 67 lb. Bond/140 lb. Index

\*Internal Shift Sort Tray cannot be installed with a finisher

<b>Inner One-Bin Tray</b>	
Paper Sizes	5.5" x 8.5" to 11" x 17"
Bin Capacity	125 sheets
Paper Weights	16 - 45 lb. Bond/90 lb. Index

<b>ADDITIONAL ACCESSORIES</b>	
File Format Converter Type D, Key Counter Bracket Type H, Optional Counter Interface Unit Type A, Browser Unit Type B for ScanRouter EX, VM Card Type C for Embedded Software Architecture Applications, Camera Direct Print Card Type A	

<b>SUPPLIES &amp; CONSUMABLES</b>	
Black Toner	20,000 pages
Cyan, Magenta, Yellow Toners	15,000 pages each (toner yields based on 5% coverage)
Waste Toner Bottle
